# COURSE OVERVIEW

This training course guides participants through the full process of developing a successful Erasmus+ project proposal, from the initial idea to the final submission. The course explores key concepts such as needs analysis, objectives, activities, impact, quality standards and sustainability. Participants learn how to structure a strong narrative, design coherent work plans and understand evaluation criteria. Practical examples, templates and case studies support the creation of competitive, well-designed applications.

# METHODOLOGY

The course adopts a practical, project-based approach combining:

- interactive workshops on proposal design
- analysis of real application forms
- group work on needs and objectives
- peer review and quality checks
- digital and AI tools for drafting and planning

Participants will build a complete project concept and receive feedback to strengthen their proposal.

# TARGET GROUP

- Regional and local authorities;
- School/ adult centre management department, collaborators and volunteers
- Teachers & school staff

# LEARNING OUTCOMES

**By the end of the course, participants will be able to:**

- Understand Erasmus+ priorities, structure and evaluation criteria.
- Conduct needs analysis and formulate measurable objectives.
- Design coherent activities, timelines and work packages.
- Develop impact strategies, dissemination plans and risk management.
- Use templates and digital tools to craft clear, competitive proposals.
- Produce a draft project concept ready for further refinement and submission.
